THE ORIGINAL HEIDI VILLAGE LOOKS FORWARD TO WELCOMING YOU ...

For over 140 years, a little girl from Grisons has captured the hearts and minds of children and adults from around the world. We're talking about Heidi, of course, the main character of Johanna Spyri's novel of the same name. Inspired by the village, the unique landscape and the panoramic views into the valley below, Spyri authored one of the most widely read books in the world and the most successful Swiss book of all time.

Like the ibex and the magnificent mountains she calls home, Heidi belongs to Grisons. Here, in the authentic village above Maienfeld, the values we long for in today's fast moving times become tangible once more: Love of nature, freedom, health and joy for life.

Experience the Heidi story up close and personal and immerse yourself in a bygone era that still touches the hearts of people around the world even today...
